Egypt Class

Summer 1
April

What we are currently learning:

In our English lessons we are focussing on Beatrix Potter, her animal stories and her beautiful illustrations. We will be creating our own version of one of her stories. During Maths we are focussing on solving problems involving multiplying and dividing. Our new topic in Science is looking at rocks and soils.

How you can help:

We are working on speed and accuracy in times tables therefore any practise you can do with your child at home will be a great help! Children will benefit from reading daily and being asked questions about what they have read.

Your child will bring home maths and spellings homework weekly to be completed by Friday.

Thank you very much for your continued support and any questions please feel free to pop in.

Our English focus is:

Beatrix Potter and her many animal stories.

Our Maths focus is:

Multiplication and division. We are working really hard to be able to recall our tables speedily.

Our Topic focus is:

Science looking at different types of rocks and soils.

English Lessons

The children have enjoyed creating 'Wanted' posters for Peter Rabbit after finding he had visited our school garden and caused mayhem!

Information about our class:

Homework is now given out on Fridays and due back the following Friday. This will consist of spellings and maths.

Please return reading books and records daily.
