Home Learning

Dean Field set a variety of home learning tasks to support all areas of the curriculum. During the lockdown we were able to continue to do this via Seesaw communication and task setting and by sending out and delivering paper work packs. We also shared any other home learning ideas sent in from our children and parents via our weekly video or newsletter to encourage fun and engaging ways to continue learning DT at home. Here is a selection from Nursery - Year 6 of how we support DT at home as well as in school.

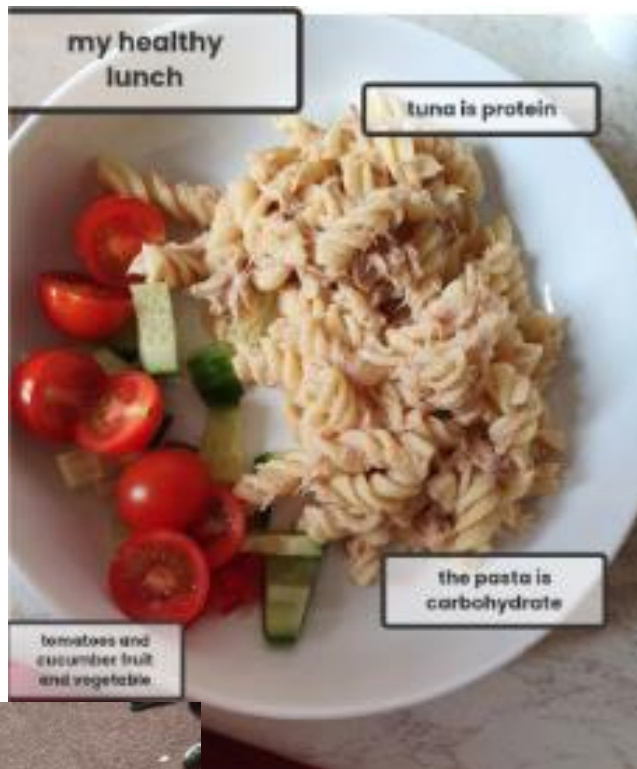

EYFS have been very busy cooking, sewing and making things.

Awesome peeling skills

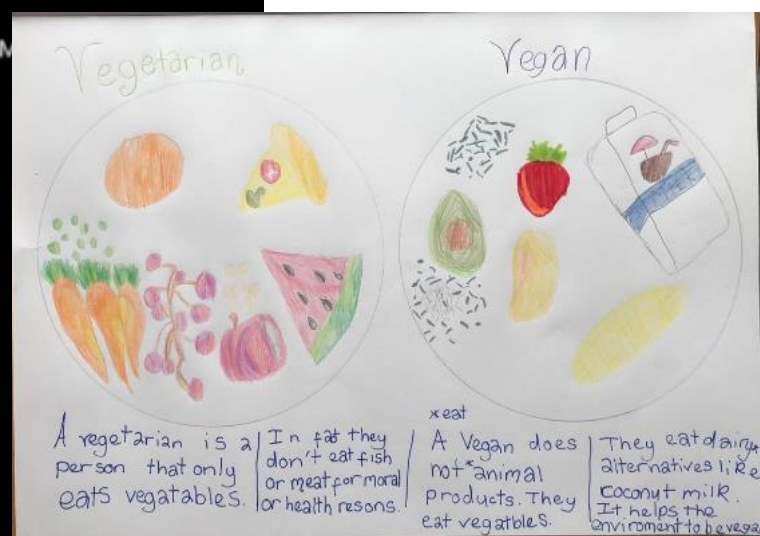

Throughout school there has been lots of children cooking and baking.

It has been great to see such a focus on healthy eating too!

YUM!

Making carrot & ginger soup

Throughout school there have been lots of children designing and making objects linked to their topics.

May 2020

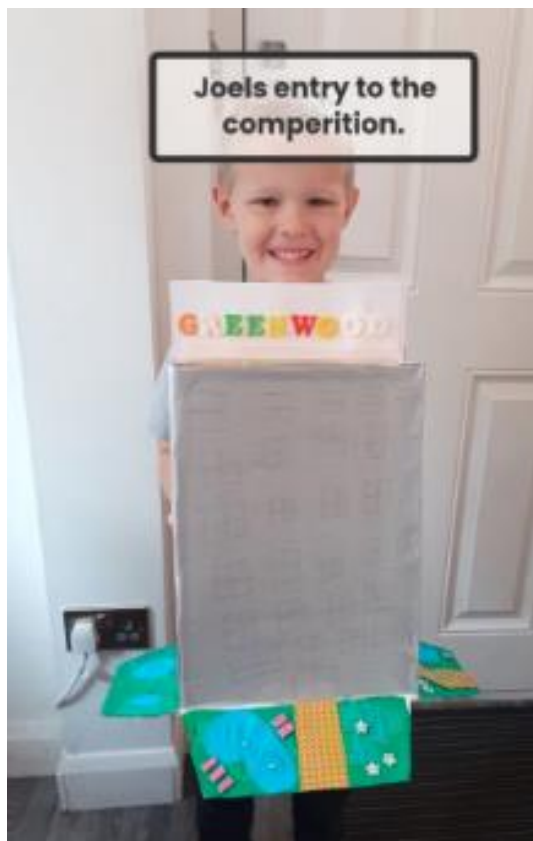

Whole school up cycling competition

During lockdown, we set a whole school 'up cycling competition'. Here are a few of the entries.

Throughout school there have been lots of children finding resources in their homes to up cycle them to make something new.

Joels entry to the
comperition.

A bird house for their
garden.

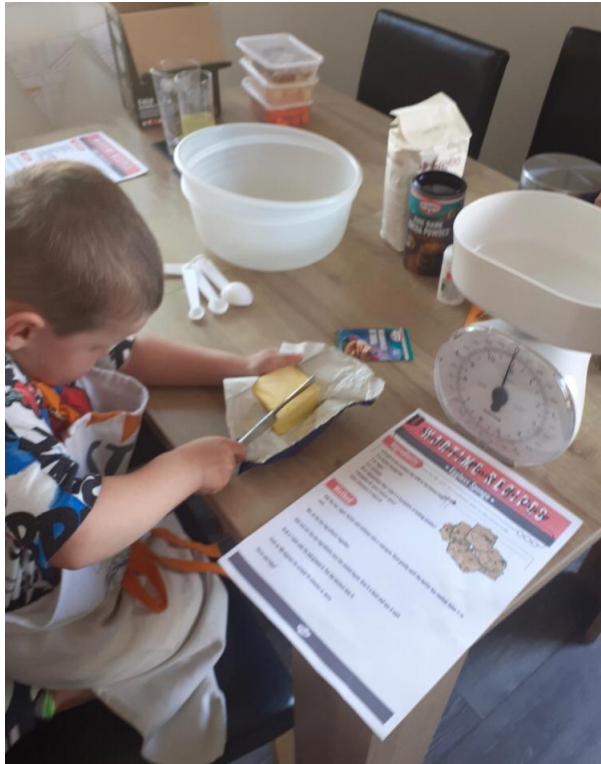

How useful!

April 2020

Whole school cooking competition

During lockdown, we set a whole school 'Ready, Steady Cook competition'. Here are a few of the entries. How wonderful!

Jacob even created his own recipe!
