

This week Nursery, Reception, Year 1, Year 2 and Year 6 took part in a ZooLab workshop which relates to their current topic. Children across our trust also took part in a joint workshop too. They had lots of fun exploring the different animals and learning about them, their habitat, their diet and lots of other interesting facts. They met a snail, gecko, tarantula, millipede, python, tree frog and degu. Lots of fun and learning was had!
