

# RE Unit 2.4 How can we look after our planet?

## Top Vocabulary

**God** - is the creator of the Earth and of everything on it.

**Recycle** - taking a material like the plastic in a plastic bottle or the metal in a drink can and putting it through a process so the material can be used again instead of being wasted

**Reuse** - to make use of an item or an object more than once

**Environment** - all the physical surroundings on Earth are called the environment. The environment includes everything living and everything nonliving;

**Responsibility** - making good choices and taking accountability for your actions

**World** - the earth and all the people and things on it

**Natural** - something produced by nature; not made by humans

Christians and Muslims believe God/Allah created the world.

Christians and Muslims believe that god created our planet so it is important to look after it.

People have varying ideas about right and wrong.

(A child steals a loaf of bread - right or wrong? If presented with further information: his mother and younger sister are starving and have no money - now right or wrong? Why?)

We can look after our world by recycling and reusing items.

Humanists don't believe in God. They believe that humans are responsible for looking the planet.
