Nursery (Antarctica):

- Children aged three years and over: 1 adult: 8 children:
- at least one member of staff holds a full and relevant level 3 qualification; and
- at least half of all other staff hold a full and relevant level 2 qualification.
- We follow the Early Years Foundation Stage Safeguarding and Welfare Requirements where a Qualified Teacher, Early Years Professional or other suitable level 6 qualified person is working directly with children aged three and over as follows: (We are currently working towards this).
 - there is at least one member of staff for every 13 children; and
 - at least one other member of staff holds a full and relevant level 3 qualification.
- The number of children for each key person takes into account the individual needs of the children and the capacity of the individual key person to manage their cohort.
- We only include those aged 17 years or older within our ratios where they are competent and responsible and hold relevant paediatric first aid qualification. We may also include students on long-term placements and volunteers (aged 17 or over) and apprentices (aged 16 or over), where we deem them to be suitably qualified and experienced.
- A minimum of two staff/adults are on duty at any one time; one of whom is either our Level 3/Room Lead or Deputy.
- Our Deputy and room leader deploys our staff, students and volunteers to give adequate supervision of indoor and outdoor areas, ensuring that children are usually within sight and hearing of staff, and always within sight or hearing of staff at all times.
- All staff are deployed according to the needs of the setting and the children attending.
- Our staff, students and volunteers inform their colleagues if they have to leave their area and tell colleagues where they are going.
- Our staff, students and volunteers focus their attention on children at all times and do not spend time in social conversation with colleagues while they are working with children.

- We assign each child a key person to help the child become familiar with the setting from the outset and to ensure that each child has a named member of staff with whom to form a relationship. The key person plans with parents for the child's well-being and development in the setting. The key person meets regularly with the family for discussion and consultation on their child's progress and offers support in guiding their development at home. The key person regularly liaises with the room leader/manager.
